Valentine's Fellowship Dinner

Our first special event of the year was the *Valentine's Fellowship Dinner* on Saturday, February 15. [Click here](#) to view, download or share pictures from the evening. About 70 people enjoyed a night out with dinner catered by Buttermilk Restaurant, Canton, inspiring music from the X-Alt

Quartet, and lots of fun and fellowship. Plus, there was a kids movie night with pizza, popcorn and snacks. Something for everyone! We hope you enjoyed it. Thanks to all who brought guests, using the event as a point of invitation, and of course, to all who helped with the planning and decorations.

He First Loved Us. A new publication from our church is available. It can be used as a tract to share the Gospel or as a presentation card when you invite others to church. It has the "*He First Loved Us*" image on the front, church logo and information on the back, and the **GOSPEL** acronym inside.

The Last Words of Christ on the Cross. A sermon series begins this Sunday focusing on the sayings of Christ during the six hours that He was on the cross. Jesus spoke seven times. He spoke words of prayer and promise, suffering and victory, anguish and affection. Most importantly they were words full of meaning for you and me. There is something of the Gospel and redemption in everything He said, so use these next few weeks as an occasion to invite others. Each Sunday we will also view a filmed testimony of someone who has been saved, a life transformed by the Savior. This Sunday is **World Missions Day** and we will feature the testimony of Rachid Hamammi. I was first introduced to Bro. Rachid by Charles Costa and Samer Batarseh, our BMA Missionaries in Lebanon and Jordan. We also heard him speak last year at the BMA of Texas meeting. He has a testimony of profound impact, the son of a Muslim Imam in Morocco, who against all odds turned his heart toward Christ.
